I am on shift tonight and thinking of all of the great times we had with Wildwood Fire Rescue and then Sumter Fire. I remember the first time meeting you at career day when you were a senior in high school. Then you just started hanging out at the station with us. And from there you started your career. We fought many fires, worked veh accidents and had many fund raisers. We really did have some good times. Of course there were always bad times too, but we all stuck together. I am so glad I got to know you like I did and will really miss you. I know that you are enjoy spending time with your Grampa now and the rest of your family that have made there way to heaven. And watch out for Mr. Davidson, he will be showing what he has accomplished while there. Godspeed

My memories of Brian are of a very caring, fun-loving boy who was always willing to help in any way he could. As a teenager he was so mature and set a wonderful example for his brothers and all the kids at the elementary school that looked up to him. His smile will always remain in my heart because that represents him the best. As an adult, he continued to influence and help all he could. His time with us was too short, but he earned his place in heaven by the way he lived his life, caring, helping and setting an example. My thoughts and prayers are with the Gibson family. Take comfort in the memories of Brian's smiles.
