Wow, Mrs Ferrier, Mabel. One of the sweetest, thoughtful, caring women God ever made. She was my bus driver and always made it fun for us. I remember stopping on the dirt road for the squirt gun/water fights on the last day. She meant a lot to me and I'm sure others. God blessings to her family.

The planets lined up and the stars took our angle. Grandma tried to explain the imporantance of the stars and the planets aligning. God has taken home a Special Lady. Grandma truly loved her family and surrounded her home with family pictures & memories for her and grandpa to see everyday. She truly kept us all close to her heart. Her love for Grandpa could be heard in every conversation "arguement" over their 64 years of marrige. She would bring a smile to my face every time we talked about Celestial Influences. As a Great Grandmother she continued to beleive and support me and her grandson Hunter during all of our challenging times. It's hard to beleive that they moved to Florida 23 years ago even with the miles between the family she loved and bragged about the four generations. Grandma you will always be in my heart.
