One of the best memories even though there were many. Billy loved this one the most. When I got my drivers license. It was nothing to do but pick him up a school. I went to get him and he was standing out front with all of his friends smiling from ear to ear. He said to them here comes my Brenda Baby to pick me up in her new car. They were shock to see me there. We have had so many laughs about this and other things that we have shared over the years. No one knows just how much I will miss him. But I know he is with his mother and father in Heaven with Jesus. He has no more pain now, he can breath great. Billy was a great roll model for all of you try and do what he has taught you all. Love from his Brenda Baby (Brenda Thornton Carter, cousin)

My heart is broken. I had the privilege of working with Billy for 15 years. During that time he never failed to bring a smile to the faces of those around him because he was, very simply, a nice guy. Condolences to Patti and their family. You have truly a treasure who enlightened the lives around him.

I am very sad to read about the passing of Billy, Wildwood lost a true friend. He always had a smile, and time to stop and ask people how they were doing. My best memories of Billy were back in the day when he coached T ball. I was always impressed with how good he could work with young kids, and how good his teams were. It seems like I've known Billy forever. (Mr Billy) as he was known to most of the kids around town had a million dollar smile and a way with kids that made them feel special. We shared the same birthday and I knew I could always expect a call on that day from my friend. He had an amazing ability of friendship and used it well and I loved him. To Patti and all his kids please know that your loss is shared by many. God said "Well done my son" . I say "Thank you God" for allowing my children the chance to play with Mr Billyly and me to enjoy his friendship.

Billy was my first brotherinlaw, and considering I was about 9yrs old at the time, and my younger sister was 6, we thought he was great, because he would always bring us a paper sack full of candy... only later we learned he found out it would distract us from aggravating them! I'm glad I got the chance to see him again a few years ago when he came back to Alabama to visit my mom ,aka "Nanny"when she was in the nursing home. Though he and Gail divorced, he was the dad to my niece and nephew, so my mom gave him that respect and welcomed him anytime. He loved her chocolate on chocolate "made from scratch" cake. She made him one years ago, and sent to him either when the kids were going to visit him, or family was going to pick them up, dont recall exactly.. she even sent it on one of the blue willow plates that he and Gail gave her for Christmas, to show she used them I guess..but she always said she messed up because she never got that plate back. Lol. But she would have done it for him again.. she appreciated him calling her when my sister,his ex,passed away a few years ago...and as long as my mom could talk, he called her many times since then.. I know he will be missed by many. Rest in peace, with no more breathing struggles, my brother. Prayers of comfort for Buddy (Billy Jr) and all family. Cathy Davenport

Rest in Peace Mr. Billy. You will forever be missed. Every time I seen you, you would always give me a big hug and kiss on the forehead. You'd always tell me to take care of myself, and to stay out of trouble. You'd always ask how I was doing and made sure everything was okay, and you always had the biggest smile on your face! A smile that could light up a room, and a smile that I will NEVER forget! 💙 I'm going to miss seeing you around town and miss my big hugs, but I know you're in a better place. Spread your wings and let your Spirit soar, I love you.
