It would take a book to write all the memories we had with Denny & Loretta. From playing cards, collecting tropical fish, colt station to van jams we always had great times. One of our favorite memories is when the four of us stopped late one night at what use to be Perkins at State Line. As we entered the lobby there was a sign which read " please be seated " at which point Denny immediately sat down on the floor in the middle of the lobby. -- A great friend - will be missed.Denny & Pat Puls

My grandfather was one of a kind. He taught me many things while growing up. He helped me roast my first marshmallow, showed me how to go fishing, and gave me advice on archery (for deer hunting). I shared many memories with him. My favorites are: Him and Loretta coming over to my house for Thanksgiving. He always made great pancakes. And to top it off, my family would all play dominos together with him. I'm happy that my grandpa is not suffering anymore, but I am heartbroken that I cannot see him for the rest of my life. I know that he will always have a special place in my heart and my memory of him will never die.

Sorry to hear about Dennis. It's been a long time since I've seen him - I worked with him @ Temco in the early 90's - but to me he was always a good guy with a sense of humor that made you laugh and think twice all at the same time.

Dennis you will be sadly missed by your family and ours. We love you and will remember you always. There are so many good memories of our family gathering. I remember when I was 8 years old and cut my hand on a bottle and had to go to DR Pearson across from where you and your dad were across the Main Street, at the gas station next to Meeders. You heard me screaming as I got stitches in my hand. You came over and took me and mom home because dad was out of town. You were so comforting and I was so grateful. We are all glad you were part of our family. TO the family we feel your loss and pray the comfort and peace of the Lord be with you and help you through this time of sorrow. Lov eyou Pat and Mike.

We loved you Dad and are going to miss you terribly. Your sense of humor, your dedication to Mom all these years, and answering all our crazy questions about home repairs and projects every time we needed you. We are so glad we got to spend time with you golfing at the lower Peak on June 30, 2016 and with Janine and I out to Olive Garden to have a nice time together on July 2, 2016. It will be a sad life not being able to talk with you again. May the peace of our Lord and Savior, Jesus Christ be upon your soul in heaven, and rest easy in the Kingdom forever. Please watch over Mom, and all of us until we meet again one day.
