I am absolutely heartbroken that you are gone and just learned online today. I only ever wanted the best for you as you always did for me. I thank you for being such a good Dad to me from the age of 9 years old on. You came into my life in 1975 and what a blessing. I remember going with you to Immokalee to pick up truck loads of produce to take back to town to Townsend Produce, I have some many wonderful memories of vacations and day trips that you and my Mom took, I remember the first time I visited your niece Janice in Homosassa Springs and her Mom Gay. I remember you taking me out to Golden Gate, when it was all just woods, and letting our dogs run and play. Gosh, You are so special and I have missed you for a long time. I regret not being back in contact with you over the last 5 years. I love you so very much. You taught me how to drive a 3 on the column pick up truck, was my softball coach in middle school, put up with me and my teenage years, was always kind to all and was a good husband to my Mother for 23 years. I love you Luke. Desiree Shea/Naples Fl.
