We're so sorry for your great loss of your precious mom, grandma and sister. My heart aches for all of you. My heart is broken with the loss of my sweet friend and I'll miss her dearly. Close friends since we first met in a 6th grade summer math class, I'll always treasure the many memories of weekend visits to Priscilla's home and spending time with her and her family. She told me that if I wanted something to eat at mealtime, I had better grab the dish quickly as it was passed around the table. Boy, was she right! The pan flew around the table, returning to the center completely empty, while I stared at my empty plate. Everyone laughed and then each shared a portion with me. During my visits to Florida, Cilla and Don would treat me to a nice dinner and a different sightseeing adventure each time. A favorite memory was our girl's visit to Daytona Beach. A strong wave hit us while we waded in the ocean, flipping us completely into a backward summersault. Once we regained our senses, Cilla saw that she had lost part of her bathing suit, which we very quickly found! On their family trips to New York State for our high school reunions, Cilla and I, the shy girls, were the first ones onto the dance floor. One winter visit introduced Brandon, Melissa and Jessica to snow for the first time, but it was Don who enjoyed it most, spending hours snow blowing our driveway. I've always admired Priscilla's deep faith and her ease with being forgiving of others. She taught us to love - love with the heart of Christ. Heaven has gained a precious, sweet angel. Our prayers are with you all for God to grant you strength and comfort and eventually, peace. With much love, Cheryl and Ron

From Elizabeth Hanshaw, I like to think back to when we lived in NY. I can still picture Priscilla as a girl. Walking down Kolb rd. Twirling a umbrella over her shoulder, wearing sunglasses on her face and a big smile. Saying look at me I am just like Merylin Monroe! I just love that memory. I will miss her. ❤️

I think one of my most favorite memories was this. Around 1991, we had to return to Germany after vacationing home. I was not looking forward to leaving at all. Priscilla insisted Donald and herself take us to the Tampa airport and making a day of it. What a day it was. I will forever remember the fun we had. She took us to the sponge docks at Tarpon Springs. We watched the river boat go by and enjoyed the docks. Then walked though the shops. She loved the Greek style garments, accessories with earing hoops and Bangles hanging front side of the small stores. Then they insisted we try a Gyro at Yianni's. Their treat. I never had Greek food before. Their food is famous she said and boy was it good. Amazing is more like it. I still want to try the flaming goat cheese one day. We had been home on vacation for about 2 weeks. I don't remember a lot of what I did during that time but this I remember well. She made it so special. Like she showed me a peace of the world I had never experienced. Only I got to view it through her eyes for that day. I am forever grateful for that. I am also forever grateful for having such a awesome sister. My love to you sis, wish we had more time. Forever in my heart Esther L. Pumpkin

I loved my sister Priscilla dearly. She would call me everyday, while waiting in a car line to pick up her grandchildren, which she loved dearly. Every night she would text me to see how I was and to tell me how her day went. Working night shift for so many years she had trouble sleeping. She was always trying to fix things and do good deeds. She was a giver always putting everyone else first. She was a mother hen to all that would let her. A friend and a good sister. She will be dearly missed!
