Judy my loving wife friend partner in everything there was a lot of 1st time we did together. She was a beautiful woman inside and out. We traveled together She was always ready to go very independent. Strong. She didn't slow down always thinking about other people before thinking of her self she had so much love to give no matter what she was doing she would stop and help other. If she could help she would find someone that could no matter what time it would be she always made me happy yes we had our go around but at the end of the day she knew that I loved her very much and I knew she loved me we became one together in spirit and heart I know that my life will never be the same without her she my thought before I go to sleep and is the 1st though when I wake I know we will be together for the rest of my life and the after life Judy I thank you for all the happiness you gave me it was Privilege to have you in my life I will always cherish you and the family that we have.
