I know this is pointless and you can't hear me and you can't see this but losing you has been the hardest thing to ever happen to me and I have no idea how I survived it all these years. I've blocked away the pain and the memories as long as I could but all I truly can say is god I miss you and I've needed you in so many ways

Many years have passed since I first met you, and there are to many memories to share, however some stick out more than others. Making me eat BBQ Bear meat, you wearing a Barney costume in August of 1993 during the hottest day of that year, to make my daughter happy on her 3rd Birthday, trick or treating, Halloween party with way to many kids at your home in Bemus Point. Some good memories and some bad, but all in all, you were family! I know that since you moved south, we have lost contact, but it was nice to re connect in recent months with your family. May you find peace in your passing, and may your family find peace in knowing that you will not suffer. Until we meet again my friend.##imported-begin##Dawn##imported-end##
