I don't necessarily have a specific memory, but he made an impression on me. It was right after my accident. He is very kind and funny and shared his faith in Jesus! I'm so very sad that I won't get to talk to him again here on earth. I will see you again one day, friend!

Favorite memory was my first time meeting Alan at Drew and Alejandra's wedding. He was welcoming people at the front. My (now husband) and I (and our friends behind us) were walking hand in hand when Alan informed us with a very straight face that we had to split (gentleman enter around the side of the house and women through the doorway). After a quick pause of confusion we all laughed realizing he was just pulling our leg. His light heartedness and humor always brought a smile on.
