I will always remember my cousin and the talks we use to have. We would call each other and sometimes be on the phone for an hour or more. We would talk about everything, but the most important were about our family. His mom and mine were sisters, so he knew all about them and their siblings. He even talked about our grand parents and great grand parents. It was a lot of fun talking to him and learning so much about them all. I will definitely miss those talks but will cherish the many memories he shared with me. He was a kind and very special person and I will miss him dearly. Rest in Peace dear cousin, you are now with family.
