“ Marc, you crazy mad dog. A man I love and truly adore. Our friendship of 45, plus years has brought me much joy and lasting memories. From Whaler cruising in Gloucester to bad-ass races at Daytona and airboat excursions, we had some damn good fun. I hurt immensely for your Mom and entire family. A good guy gone far too soon. Please watch over the rest of us who have to weather the storm without you. You've made a positive difference for so many.

“ I can hear his laugh and the raise hell in his voice, I can picture his smile, his way of standing, I am grateful for the laughs and story sharing, for letting me drive the airboat, for the times in Gloucester and Florida. He was like a member of our family, love the Osier clan. Heart breaks for Donna and his kids and his family that loved him so. Mr Dirt, my heart is sad that I won't see you and your badass self again in this lifetime, seems unreal. The people make the party - you will be missed for sure!

“ I can honestly say, my dad lived his best life. There was a lot of speed bumps through his journey but to me he was bullet proof. Nothing could get in his way. Ill always be forever grateful to him, he came in our lives an never left me, and my brothers side. We were not his biological children, but I know to him we were. In my adult years he became more of a best friend to me. There wasn't a day that went by that I didn't tell him what a pain in my butt he was but Marc was the kind of guy you couldn't help but love. And untamed stallion, loved the lights, and stole the show! If you knew my dad you'd know why I say that. He left so much to laugh about, so much to remember! I'll hold every second of the 22 years I had with him so close to me. I'll never let my kids forget you! I love you so much daddio.
