“ I was Daniel's second cousin, we were the same age and grew up together. I have many fond memories of our childhood everything from school days to riding go-carts 4 wheel riding, to fishing at the rock pits, to tree houses, to just sharing life. We weren't as close as we once were but we stayed in some contact. He always had the best heart and was a great guy. He served our country. And though it's sad that sometimes it takes something like this to reunite, it has made me realize how I had a lot of great childhood memories and Daniel was a big part of them. He will be missed. Praying for peace and comfort in knowing he is high on that mountain looking down with a smile on his face.
